

Weakley CARES Village Tutoring Program
For Monitored Distance Education and In-Person Mentoring and Tutoring

Weakley County Schools, in conjunction with the Charger Foundation, the Weakley County Reconciliation Project, and the Weakley County Young Professionals, understand that it takes a village to raise our youth. This group has piloted a program for community members to volunteer to assist local teachers with the [Monitored Distance Education Program](#) (MDE) that has been put in place for students who opt in as a result of the COVID-19 Pandemic and provide in-person tutoring and mentoring at Martin's Enrichment Academy.

Virtual:

- Volunteers will be asked to engage in activities such as:
 - Tutoring and mentoring (virtual or in-person)
 - Reading (for younger students)
 - Tech Support (for uploading assignments, etc.)
 - Other responsibilities as directed by teachers/administrators
- Time Commitment:
 - Volunteers are asked to identify the amount of time they are willing to commit to the program
 - Volunteers can opt to set specific hours for assistance, or be available as needed
 - Please communicate with your teacher/administrator if you are going to be unavailable during a period of time
 - We would ask that volunteers remain involved for the duration of the Fall 2020 semester
 - Approximately 3-5 hours per week

In-Person Tutoring:

- Time Commitment:
 - Tuesdays and Thursdays from 3:15-4:15 at Martin Enrichment Academy
 - We would ask that volunteers remain involved for the duration of the 2020-21 academic year
- Background Checks:
 - In order to engage in *in-person* tutoring/mentoring, you must undergo a background check
 - Accompanied with a fee, approximately \$35
 - More information will be provided upon completion of the volunteer form
- Please contact Courtney Echols at weakleyprevention@gmail.com with any questions regarding the in-person program.

We appreciate your support and interest in supporting your community!
